

## March 28, 2020 - 12:30pm-5:00pm Great Valley High School

The GETT Expo is an opportunity to show hundreds of girls just how fun STEM careers can be! Showcase your industry or resources to between 800-1000 girls in grades 5-10, as well as their parents and educators. Meet and talk with the girls to help them understand STEM through a hands-on activity. Be the real-life, successful woman who shows them how STEM is fun and can prepare them to help others and change the world!

### Benefits for Exhibitors

- Visibility to approximately 1,000 people including parents, educators, speakers, students, and other employers
- Inclusion in the program booklet
- Access to future volunteers and interns

### What Should You Bring?

- 5-minute hands-on activity that can be repeated multiple times for the 800-1000 girls
- 2-3 women stationed at your table to carry out the activity and engage the attendees
- Tablecloth, posters, organization information, giveaways, etc.

### What Is included in an Expo Exhibit Space?

- 1 (6') Table
- 2 Chairs
- 8' x 6' Area
- Setup 10:00am-12:00pm
- Additional tables & access to electricity available for fee

**Expo Exhibit Space cost is \$250 / non-profit \$100**

**Register by January 6th to reserve your space!**

 GETTstem

**More about GETT:** Girls Exploring Tomorrow's Technology (GETT) is an all-day fun, informational event for elementary, middle and high school girls in grades 5 through 10 and their parents that features successful women in STEAM. Attendees learn the facts about how STEAM careers can be fulfilling, fun, and rewarding personally, professionally and financially. GETT is sponsored by the Innovative Technology Action Group (ITAG).
